**Frameworks & Libraries:** React,

## Experience

---

### Project Collaboration | Junior Developer (Freelance)

Dec 2024 – Mar 2025

- Collaborated with friends on a personal project to develop and maintain a full-stack web application for an online learning management system.
- Built a responsive and user-friendly interface for a LMS using **React.js**, ensuring seamless user experiences.
- Developed and integrated RESTful APIs with **PostgreSQL** and **SQL Server** to handle backend services and data workflows.
- Enhanced security by implementing **JWT-based authentication and authorization mechanisms**, safeguarding sensitive health data.

### Personal Project | Junior Developer

Nov 2024 – Present

- Built a responsive and dynamic user interface using **React.js**, delivering seamless user experiences.
- Implemented **Identity-based authentication and authorization** to ensure secure access to security.
- Applied **Clean Architecture principles** to maintain a scalable, modular, and testable codebase.
- Followed **best practices in version control** by managing branches and code reviews through Git.

## Projects

---

### Amazon Landing page | [GitHub](#)

Technologies Used: HTML, CSS, JavaScript

- Built a simplified version of Amazon's landing page with responsive layout.
- Implemented cart and order summary functionality with dynamic UI components.
- Practiced DOM manipulation and layout design.

### RetroTune | [GitHub](#)

Technologies Used: HTML, CSS, JavaScript, React, React-router

- Developed a responsive music player using **React**, **React-router**
- Supports playback controls, song progress, and volume adjustment
- Deployed on **Netlify** with a clean, user-friendly interface

### ToDoApp | [GitHub](#)

Technologies Used: HTML, CSS, JavaScript, React

- Simple productivity tool that helps users manage and organize their tasks efficiently.
- It allows users to create, view, update, and delete tasks they need to complete.

## Education

---

### Bachelor of Science in Computer Science and Information Technology (BSc.CSIT)

Patan Multiple Campus, Lalitpur, Bagmati

Start Date: 2021 – Present (Expected Graduation: 2026)

### Premier College +2 ( Science with CS)

Premier College, New-Baneshwor, Kathmandu

Passed Year – 2077(3.64 GPA)
