Professional Summary

Aspiring front-end developer with a passion for creating responsive, user-friendly web interfaces using HTML, CSS, and JavaScript. Eager to contribute to dynamic teams and grow as a React developer.

Skills

- HTML, CSS, JavaScript
- React, Redux, Tailwind
- GitHub
- C, C++

Projects

1. E-Governance IRD Tax Payment Portal

Technologies Used: HTML, CSS, JavaScript

A mock portal designed to simulate online tax payment for the Inland Revenue Department. Focused on UI/UX, form handling, and validation.

2. Amazon Clone

Technologies Used: HTML, CSS, JavaScript

Built a simplified front-end clone of Amazon's homepage and product layout with responsive design and styled components.

3.Dice Rolling Simulator

Technologies Used: HTML, CSS, JavaScript

A small web app that simulates a dice roll using random number generation and DOM manipulation.
